

Notice to Customers Using Shimadzu ELB Series Balances

Thank you for using Shimadzu products.

It has come to our attention that Shimadzu ELB300 and ELB3000 electronic balances have been sold since the enforcement of UAE-RoHS on January 1, 2020, even though these instruments are not UAE-RoHS compliant. Therefore, we would like to collect the ELB series balances, which were sold to the customers after January 1, 2020, and replace them with the higher-end BL-320H and BL-3200H models, if it is required.

If you are using the applicable model, please contact us using the contact information below.
